Dear Delaware VFW Post 475/District 2,

On behalf of the entire Wing leadership team, thank you for your outstanding support and dedication during our recent Family Day.

Events like this are essential for building camaraderie, boosting morale, and giving our service members and their families a well-deserved opportunity to connect and recharge. However, an event of this scale simply does not happen without the hard work of volunteers like you. Whether you were setting up equipment, running activities, serving food, or staying late to help tear down, your selflessness and positive energy were on full display. You directly contributed to a safe, fun, and memorable experience for our entire Wing family.

Taking care of our people is one of our highest priorities, and your willingness to give your personal time to support this community speaks volumes about your character and commitment. Thank you for being a vital part of our team and for making Family Day an overwhelming success.
